In today's global economy, the necessity for a cross-border workforce is greater than ever. To stay competitive, businesses are expanding their search for talent across borders. Immigration issues often arise in complex global transactions: businesses, universities, and multi-national companies need to retain key executives, engineers, scientists, professors and other highly-trained professionals with the skills vital for the organization's success.

The attorneys from Jaeckle Fleischmann's immigration practice group have a proven track record providing legal guidance to companies and individuals on the vast array of legal issues associated with immigration law and cross-border business.
